

Manifestation and Creation Squared Residential Retreat

2009 Website Program Description

Experience first-hand the high-focused energy and empowering beliefs necessary to achieve psychokinesis (PK). This natural but often dormant ability uses the power of our non-physical energy to influence physical matter. In MC² you use PK energy to bend spoons, grow seeds, influence computers and dice, and illumine light bulbs.

- Prerequisite: Gateway Voyage
- Very reasonably priced at: **\$1995** (includes meals, lodging, seminar activities, and local transportation)

The program's purpose is to provide tools to more fully experience the potentials of human incarnation by moving into loving communion with the creative life force. In this highest energy, to be so fully connected with intuition that we can clearly perceive potential realities, select what we desire to manifest, and bring this potentiality into our physical experience.

Special Features:

- A six-day program open to graduates of one TMI residential program.
- Developed by [Joe Gallenberger](#) with the assistance of [Laurie Monroe](#).
- Highly experiential and uses what has been learned from Joe's psychokineses (PK) workshops about the highest levels of intuition and manifestation.
- Uses the most reliable and successful principles discovered in the practice of individual and group PK.
- Experience new, specially designed Hemi-Sync exercises.
- Practice PK through activities such as bending spoons, throwing exactly the number desired on dice, and sending energy to seeds to accelerate growth.
- Receive facilitating group energy and use PK for healing and manifestation in intensive healing circles.
- Link with non-physical helpers and send energy to larger targets, such as the planet Earth.

MC2 provides dynamic answers to the question:

"How can we apply what we have learned at TMI about altered states in order to enhance our experience in the physical?"

The program uses Hemi-Sync, affirmations and visualizations, plus experiential exercises designed to give immediate feedback on progress. It expands belief systems to facilitate learning of high-level skills for active manifestation. The program explores the ethics and methods of manifestation and healing, as well as the wisdom of balancing dominion with surrender to highest purpose. The program helps participants increase their ability to influence time-space events through non-physical (energetic) means. This skill is applied for healing self and others, and to bring other desirable outcomes into reality.

MC2 is about abundance in many positive forms.

MC2 is an intensive graduate-level program, strongly engaging the heart, mind and spirit; and demonstrating immediate practical results. The program will address the ethics of manifestation and healing, as well as the issues of self-dominion balanced with surrender to a higher purpose.
